Subject: Water Dist. 11 order- Brad Woolstenhulme pump- measuring devices

Tim- As we discussed on the phone yesterday, PacifiCorp owns 2 pumps that Brad Woolstenhulme uses as part of his lease of PacifiCorp property in the Bern area. The water right numbers associated with these pumps are:

11-1114 and
11-1096

Brad has looked into acquiring some measuring instrumentation for the pumps. I have spoken with Brad about meeting with him and possibly Rock Holbrook on site when weather permits to verify the pump locations and information as defined in the water right claims.

Brad and PacifiCorp both agree that no pumping will take place until a measuring device is in place on both pumps.

If you need any further information, please feel free to contact me. Thanks for your consideration in this matter.
